

COVID SAFETY PROTOCOLS DECEMBER 2020

In accordance with Governor Northam's statewide mandate, we will be implementing the following changes effective on Sunday, December 15th and continuing until further notice.

.....

GATHERING SIZE LIMITED TO TEN INDIVIDUALS

No groups containing over TEN individuals are permitted to gather at King Family Vineyards. We thank you for your understanding and for diligently enforcing social distancing guidelines during your visit. Groups that are unable to adhere to this rule will be asked to leave.

FACE MASK REQUIREMENTS

All visitors, including children aged five and over, are required to wear a face mask while not seated at a socially distant seating area. We require that masks are worn while interacting with our staff, while visiting the restroom, or while moving to and from your seating area.

.....

We continue to stay open for wine service daily with no reservations required. Socially distant seating arrangements are available on a first come, first served basis both indoors and outdoors. For outdoor guests, we recommend visiting with blankets or folding chairs to take advantage of our expansive lawn or Polo Field.

We appreciate your patience with our staff as we work diligently to ensure enhanced sanitation standards and to enforce strict social distancing guidelines.
